

ABF Teacher Training Programme (TTP)

This is the first step. The focus is on **HOW** to teach, and explores those vital fundamentals which are the building blocks for later success.

Professional Development Days (CPD)

The Next Steps: These days concentrate on content - **WHAT** to teach. I use the Online School of Bridge to present these days.

CPD 1: Competitive Bidding

CPD 2: Defence

CPD 3: Two Over One Game Force

CPD 4: Declarer Play

CPD 5: Slam Bidding

CPD 6: Help With Play

Accreditation to be Relaxed...join the Zooms!

With online training days now in full swing, the ABF invites more people to attend the (free) Zoom ABF days (four hours per day). There's no necessity to be actually teaching. If you are, you'll receive the accreditation points, but if not, then come along anyway. We limit each day to twenty participants, so if there is room...please join! It's only a click away!

Who knows, you may become enthused about teaching bridge! It doesn't have to be in bridge clubs...it may be that you want to teach your family or friends online, and this is now possible. My Online School of Bridge and Teacher Portal provides all the resources a teacher could ever need with 140 lessons and 500 videos and hand reviews. All you need to do is share your screen via Zoom. Come and see how it's done...

Zoom Education Days

For the past five months, all ABF days have been conducted online. There are decided plusses: it allows teachers from all over to attend, rather than from a single area. Thus it facilitates a broad range of experiences and discussions.

These sessions are offered approximately one per month. The following are planned for the remainder of 2020.
